

United States

Case 5:14-cr-88

v

Hbn Elizabeth A Whitford

Jenkins

Northern District New York

Notice of Objection / intent to challenge issue

Background

On 3/9/15 (Pretrial Conference) AUSA Thomson appeared with AUSA Commandeur

Facts

Defense is not aware of any motions filed or special circumstances existing that would allow two government attorneys to be present during trial. To date allegations do not involve conspiracies, organized crime (mob activities) or hundreds of witnesses or thousands of documents needing to be managed.

Argument

If Ms Thomson cannot litigate a private citizen by herself and Mr Commandeur does not have enough work to otherwise occupy his time their positions should be re-evaluated.

Conclusion

Governmental [mis]conduct has allowed substantial advantages over defense to this point in time. Only one a Horvey need be present. I request the court order such remedy, or alternately appoint/retain council (of defendants choice) (see doc #26) as previously requested.

Respectfully Submitted
